e-Job Costing is a powerful and robust yet simple and efficient management solution for job and project based companies that provides deeper insight into project costs and allows companies to gain greater control over job profitability.

## Gain greater visibility and control of project and job related costs

### BUSINESS BENEFITS

Epiphany's e-Job Costing Solution is designed specifically for tracking revenue and costs against a job, project, sales order, work order or contract.

This powerful solution allows you to track revenue and allocate every expense incurred providing you with the real-time data required to make educated decisions required to drive profitability and customer satisfaction.

e-Job Costing allows you to:

- ✓ Actively manage your contract portfolio
- ✓ Reduce job cost administration
- ✓ Ensure job, work-order, project or installation profitability
- ✓ Accurately recognize revenue and cost accruals

### SOLUTION FEATURES

Enhance your job costing detail and reporting by categorizing revenue and costs. Up to 10 different categories such as administrative, freight, subcontractor labor, internal labor, materials, software or job expense may be defined and tracked.

#### ✓ Track profitability on:

- Sales Orders
- Work Orders
- Jobs/Projects
- Contracts

#### ✓ Categorize revenue & costs

#### ✓ Three labor costing methods

- ✓ Job summary information
- ✓ Drill-down detail by category
- ✓ Historical graph
- ✓ WIP functionality
- ✓ Job costing dashboard
