Import/Export

- Customers
- Contacts
- Prospects
- Leads
- Estimates
- Sales Orders
- Invoices
- Purchase Orders
- Bills
- Journal Entries
- Items
- Price Lists
- More.....

Every organization has data stored about customers, products, leads, contacts, contracts, sales orders, purchase orders, time, items and more.

Epiphany's e-XL automates the process of importing or exporting data into and out of NetSuite.

Simply launch the application from your desktop or have it configured to automatically pull data into and out of NetSuite without user intervention.

Features

- Merge up to 4 excel formats into one document for import purposes
- Add custom fields on the fly
- Easily reorder columns on the e-XL template
- Over 12 pre-defined templates available
- Custom templates available
- Functions include:
 - Add
 - Delete
 - Update

"e-XL is a great time saver, allowing us to import the buy and sell prices on the quote, together with the product line information. What before took each salesperson 30 to 45 minutes to enter, now takes five minutes."

Bill Smith, President - TSA

Founded in 2002, Epiphany has provided NetSuite services and solutions to hundreds of companies using NetSuite locally and internationally.

Epiphany is a NetSuite Solution Provider and member of the SuiteCloud Developer Network and NetSuite Product Council. Our portfolio of industry solutions allow companies to manage essential business processes while leveraging the power of NetSuite.
